#### Gearing up for Fall!

It's that time of year again! Professors and staff are preparing and students are groaning - yes, the Fall Semester is nearly here! Don't forget to contact Mercer's [Teresa Kan](#) to place items on reserve, [Bill Fleming](#) for instruction and social sciences needs, and [Victoria Shelton](#), for Bio/Life Sciences information.

#### Mercer Makeover!

Have you seen Mercer's new look? From new stacks and expanded study space, to wall quotes and portraits, the 2004/2005 Fall, Spring, and Summer semesters have been busy as we work to better serve patrons. Please drop in to take a look around, or inquire about a tour at the front desks. Please note that Mercer Library has also upgraded reference carrel computers over the past year, and now offers wireless access.

#### NOW HIRING

Mercer Library is currently seeking part-time (8-10 hours per week maximum) Student Assistants with Federal Work Study awards for the Fall & Spring semesters. Candidates should excel in communication and customer service skills and will support staff in shelving, shelf-reading, shifting, inventories, and special projects as needed. Evening and weekend hours are required. If you know of anyone who might be interested please contact Nicki Meacham via e-mail at [ntroscla@gmu.edu](mailto:ntroscla@gmu.edu).

# **LIBRARY RESEARCH WORKSHOPS**

## **Library Research Workshops Fall 2005**

Classes are held in the Mercer (Prince William Campus) Library, Occoquan Bldg. (PWI) Rm. 104J, except as noted below. If your schedule does not allow you to attend the class you want, please call 993-8348 to arrange an individual appointment.

Pre-registration available at [ittraining.gmu.edu](http://ittraining.gmu.edu) or just drop in!

### **Introduction to Library Research**

Not sure how to find and use library information resources? This class will acquaint you with the basic elements of the research process and introduce you to the GMU library system, available electronic resources, and how to organize and evaluate information.

Wednesday, September 14, 3:00-4:30pm  
 Thursday, September 29, 12:00-1:30pm  
 Monday, October 17, 3:00-4:30pm  
 Tuesday, October 25, 1:30-3:00pm

## EndNote 7.0 : Managing Your Information

### Short Course

EndNote can help you organize information for both short and long term projects. Learn how to import bibliographic citations from many popular Mason Library databases into your personal EndNote database. Class will be held in Bull Run Hall Rm. 252.

Thursday, September 22, 2:00-4:00pm

### Intensive Course

This course is designed for those with long-term goals and will introduce concepts of information management using EndNote for easy access and production. Learn how to customize EndNote to meet your specific needs and styles of organization. Class will be held in Bull Run Hall Rm. 252.

Tuesday, September 27, 1:00-4:00pm

## **DATABASE SPOTLIGHT**

### ***Oxford Reference Online Premium***

Oxford Reference Online brings together language and subject reference works from one of the world's biggest reference publishers into a single cross-searchable resource. The Core Collection contains over 100 dictionary, language reference, and subject reference works published by Oxford University Press. It is a fully-indexed, cross-searchable database of these books, giving subscribers unprecedented access to a comprehensive information resource. The Premium Collection offers all of the above, plus added functionality and more detailed information across a broad subject range from titles in the world-renowned Oxford Companions Series.

## **E-BOOKS**

### ***NetLibrary Collection IV***

NetLibrary offers an easy-to-use information and retrieval system for accessing the full text of reference, scholarly, and professional books. NetLibrary eBooks are available twenty-four hours a day, seven days a week - from any location in the world, with additional features such as a dictionary, index, and easy keyword searchability.

NetLibrary Collection IV includes new content from the top academic and trade publishers in subjects suited for academic and public libraries. The collection has some new editions of the more popularly used titles in subjects ranging from business and computer science to education, literature, history, reference, and much more. It contains 7,659 titles and 10,677 copies. The emphasis is on current (2004) titles forward.
